World Autism Month - which kicks off on April 2, World Autism Awareness Day. Autism Speaks and our supporters around the globe have participated in Light It Up Blue for many years and we have made great strides in awareness as millions have joined this movement.

Thousands of iconic landmarks and buildings join the hundreds of thousands of homes and communities around the world to "light blue" in support of people living with autism. Autism friendly events and educational activities take place all month throughout North America to increase understanding and acceptance to further support people with autism.
