

# Welburn Hall Weekly

Friday 19th May 2017

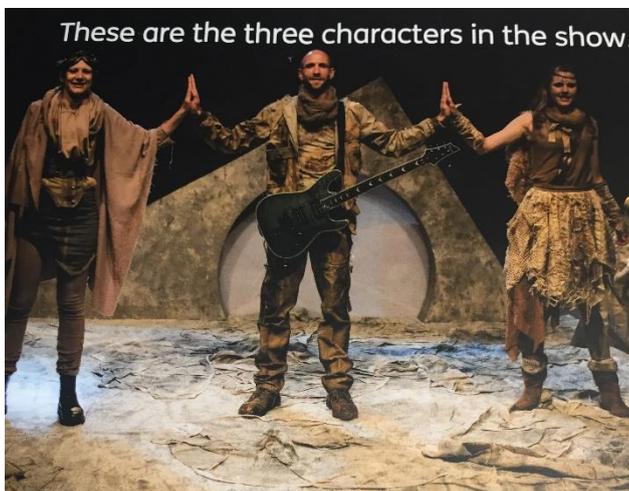

Welburn Hall School

*Please note we no longer take the old £5 note here at Welburn! If you have any at home you need to change them at your bank as soon as possible, Many Thanks!*

## Stephen Joseph Theatre trip

Last week, LKS3, LKS4 and Forest group thoroughly enjoyed a theatre trip to see a performance called **HOME**. It was a multi-sensory story of discovery. The three characters were left behind after a sand storm hit their futuristic town. The world was not as they remember. They had to learn how to survive and create a future together and build a home in an environment full of surprises... There was a mix of music, acting, singing, signing and other sensory elements to engage and stimulate the pupils. One of our pupils was so immersed she joined the actors on stage. It was a truly magical show.

## Science in LKS4

Last week in science LKS4 used a red cabbage as a pH indicator! The cabbage water tested the pH of different liquids. We tested whether liquids such as lemon juice, water, vinegar, milk and bicarbonate of soda were acid, neutral or alkaline. When the cabbage water was added to the liquids they changed colour! It was a lot of fun.
