

Welburn Hall School

Welburn Hall School

ADMISSIONS POLICY

(Reviewed April 2018)

Review Period: Annually
Next Review Due: Summer Term - 2018

Governors Approval:

Date:.....

The local authority places pupils at Welburn Hall School, usually on the advice of the Alternative Provision admissions panel, after ensuring that we can meet need and that we have an available place.

1. A pupil or student will be admitted to Welburn Hall School

- if he or she falls within the terms of the current approval for the school;
-
- when a child has a statement of special educational needs maintained under Section 324 of the Education Act 1996 and the name of the school is given in part 4 of the statement;
-
- for the purposes of assessment when the Authority (North Yorkshire LA), parents and school and any relevant professionals involved in the assessment are all agreed that the child's needs are such that action should be taken immediately;
-
- as an emergency or provisional placement where, for example, a child arrives unexpectedly in North Yorkshire and exhibits significant learning difficulties of the kind which would normally warrant a statement;
-
- on a temporary basis when a child does not have a statement and is not the subject of assessment but, for example, has received serious injuries from which the child is likely to make a full recovery in the long term. A review of such an arrangement will be made within one school term.

2. CONSULTATION WITH PARENTS AND WELBURN HALL SCHOOL BEFORE THE LA NAMES THE SCHOOL

- before specifying the name of a particular school in a statement, the LA will consult with the parents of the child concerned and the governing body of the school;
-
- where the parent of the child concerned has expressed a preference as to the school at which he wishes education to be provided for his child, the LA will name the parent's preferred school unless :
-
- the school is unsuitable to the child's age, ability or aptitude or to his special educational needs; or
-
- the attendance of the child at the school would be incompatible with the provision of efficient education for the children with whom he would be educated or the efficient use of resources.
-
- the Authority will give due consideration to the views expressed by those consulted but the final decision lies with the Authority.
-
- Once a child has been named in a statement, that school has a statutory duty to admit the child;

- as part of its consideration, the Authority will take into account the grounds listed at above. In so doing, it will be mindful of :
 - the terms of the approval of the school concerned;
 - the number in the particular year or teaching group and classroom arrangements in the school
- if the school or unit concerned operates an admissions panel, its purpose will be to enable the school, having been consulted by the Authority, to come to a decision as to whether or not the admission of a child was compatible with the provision of efficient education for the children with whom he would be educated or the efficient use of resources. The discussion at the panel will inform the response of the governing body to the LA. The final decision lies with the Authority.
- if the governing body of a school or the Authority are consulted by another LA which is proposing to name a North Yorkshire school or unit in a child's statement, then the school and the Authority will discuss the proposal before replying.

3. Welburn Hall School and NYCC Admissions Criteria - April 2018

Entry criteria:

A young person is eligible for placement if they meet the following criteria and the type of place is parent/carer preference:

Day	Residential
<ul style="list-style-type: none"> • The child / young person has an Education Health and Care Plan that recommends / states specialist provision for physical, medical and learning due to significant difficulties in one or more of: <ul style="list-style-type: none"> - Physical & Medical Needs - Learning difficulty • Significant physical, medical and / or learning is the prime presenting area of difficulty in the school setting • Physical and Medical Specialist recommendation 	<ul style="list-style-type: none"> • The child / young person has an Education Health and Care Plan that recommends / states specialist provision for physical, medical and learning due to significant difficulties in one or more of: <ul style="list-style-type: none"> - Physical & Medical Needs - Learning difficulty • Significant physical, medical and / or learning is the prime presenting area of difficulty in the school setting • A joint LA* / Social care recommendation as the child/YP requires an explicit individual programme, delivered and reinforced daily, for the development of education, personal, independent and social skills <i>*A comprehensive cognitive and emotional well-being assessment by an Educational Psychologist which has identified the need for specialist residential provision</i> • The child / young person <i>will / may be either in or on</i> the edge of care and through social care assessment needs are identified which demonstrates a need for residential provision. • The child/YP would benefit from extended independent and social opportunities to be able to meet Preparation for Adulthood outcomes

Residential placement exception:

In the event that travel distance from a pupil's home would make daily travel unviable, the LA will consider, through the joint governance group, offering a residential placement on this basis. The statement 'No educational reason to board' will subsequently be recorded in Section I of the child/YP's EHCP.
