

Maths

We will:

Learn about place value, including reading and writing numbers.
Develop methods for addition and subtraction, multiplication and division and use these to solve problems.
Link maths to daily life skills.
Build confidence when faced with a challenge.

English

As communicators we will:

Recognise when an adult is talking, and wait for the right time to begin a conversation.
Begin to respond to unfamiliar adults whilst out of school.

As readers we will:

Begin to show an interest in exploring fiction and non-fiction texts, including comics, instructions, and books.
Develop confidence in reading new and unfamiliar words.

As writers we will:

Talk about what I am going to write.
Write labels, captions and short sentences.
Use technology to help me with my written work.

Science

Our science topics will include:

Materials -investigating the properties of materials and their purposes

Animals including humans -group animals and living things in different ways, exploring the characteristics of groups of animals.

Other Curriculum Areas

Art and Design Technology -using simple mechanisms, constructing models, sharing our ideas and experiences through drawing and painting

Computing- using technology to find and present information, knowing how to use technology safely

Other Curriculum Areas

Me and My Community -Visits to the local area
Employment and Professional development-personal ICT, food technology

Autumn Term

Nurture 1

Teacher: Daisy Dunning

Life skills

Whilst in school we will:

Engage in conversations about the importance of learning a new skill to support life away from school.

When out and about we will:

Use our knowledge of money and calculation to buy items.

Personal and Social Development (PSD)

We will:

- Take turns
- Identify what makes us unique
- Know that we can be the same and different
- Make the classroom safe for everyone
