

Welburn Hall Weekly

Friday 12th February 2021

Welburn Hall School

Congratulations to ELLA. The time, effort and creativity in making this beautiful poster has made her the winner of our...

Valentines Day
competitions

Our Lower Informal Group have been looking at sinking and floating. They found objects from around their classroom and when walking outdoors then they had to determine which would sink and which would float. The sensory experience of extremely cold water was enjoyable too!

GWCT
BIG FARMLAND
BIRD COUNT

They have also taken part in making bird feeders as a part of the Big Bird Count and their animal care learning along with the Lower formal class. They used recycling items such as yoghurt pots and Orange halves and filled them with lard and bird seed. They have enjoyed hanging them up in the trees outside the classroom window in anticipation of seeing plenty of birds using them.

For Mental Health awareness week, last week, our Formal KS5 class had the time to think about what is important to them and how they could best express themselves. They decided that the best way was through music as songs often resonate how we feel and remind us of happy times. Music has the power to bring us all together so what better way to say how you are feeling than to create a class playlist. The class have since been enjoying their therapeutic listening and have said it makes them feel better when they are having a bad day.

What is your favourite song and how does it make you feel? Perhaps you could experiment with different genres of music and see which makes you feel the happiest.

Our upper formal class have made the most out of the snow this week... It's a good job that we had nice warm clothing and blankets for afterwards!

As we had a school closure on Mon / Tue the week after half term commencing 22nd will be week 3 of the school lunch menu.

We have never before experienced difficult times like these so we would just like to say a huge thank you and well done to our Welburn Team for the tireless effort that you have put into working around the clock to ensure that our pupils are safe and still able

to learn and thrive. Thank you also to our Care Team for keeping our college students entertained and well looked after on an evening and during the night.

[You really are all appreciated.](#)

Enjoy your half term break and we will see you soon 😊
