

Welburn Hall Weekly

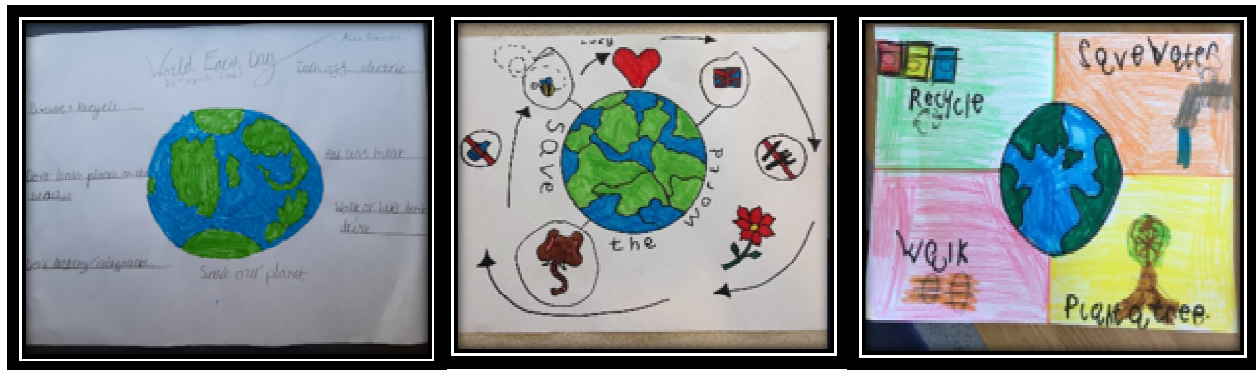

Friday 23rd April 2021

Another busy week has flown by here at Welburn Hall as the we settle further into our curricular activities. 'Out and About' sessions have fast become a favourite giving the children a chance to relax in the open, fill their lungs with fresh air, smell the freshly cut grass and catch up on that long-awaited Vitamin D!

#SunshineMakesUsHappy

Our older pupils are enjoying being back at York College on their Construction and Catering courses and found the Stonemasonry class extremely interesting this week. They have done particularly well with their independent living writing down recipe ideas, creating a shopping list, purchasing the food and cooking. Well done!

SEMH group have been learning about Earth Day and came up with some great ideas on how we can save our planet. They have each created a poster or some artwork which is both vibrant and informative. Fabulous job!

We are pleased to announce that we will be working alongside the Harrogate Hospital & Community Charity and will be holding fundraisers to help them with their amazing work. We will inform you of any fundraising events that we will be holding in due course.

The HHCC are currently asking for stories, photographs and anecdotes about life in lockdown for their 'Focus on The Good' book which will be available to purchase later in the year.

If you feel that you have anything that may be worth sharing then please contact Kim on admin@welburn-hall.n-yorks.sch.uk to request a submission form.

Entries are to be sent to hdft.hhcc@nhs.net by April 30th.

It would be wonderful if we could get our school children involved in such a good cause!

From the information that you submit, we will work collaboratively with our author; Leah Knight to develop our specially commissioned book – to not only remember how Covid-19 affected us as individuals, but how communities, colleagues, volunteers and families came together to support each other and those in the NHS in a time of need. We want to be able to remember these unprecedented times as well as remember what was gained not just lost throughout the last year.

🌻 Sunflower Growing Competition 🌻

🌻 Look out for the competition letters and envelopes of sunflower seeds 🌻
being sent home this week

tallest

🌻 Please grow them over the Summer and send in the measurement of your 🌻
sunflower after the Summer holiday

🌻 Bonus prize for the person who grows red sunflowers 🌻

☆ Summer 2021 Garden Party ☆

Traditionally we would hold Welburn Hall's Summer Garden / Leavers Party on the first Saturday in July.

We have decided to make the decision to postpone the party this year due to uncertainties in the lifting of government restrictions. We would love to still go ahead with it and discussions are being held in our HSA to prepare, but at a later date, in case there are any further delays.

If you have any ideas that you would like to put forward then please do let us know.
More information will follow when we know more so watch this space...

AUTISMAWARENESS month started in April and we have some zoom sessions that you may find interesting.

Paul Isaacs will be hosting on the third Tuesday of the Month from 10.45am until 11.30am

Please use the same link for each session.

Autism and The System of Sensing - 18 May

Autism and Asperger's "Fruit Salads" What are the Differences? - 22 June

!!Please could we remind parents to check their children's hair regularly as we have noticed a breakout in one of the classrooms in the main school!!

If you require any assistance with checking your child's hair or guidance about the best treatment please contact our school nurse / medical team who will be happy to help.

LICE ARE NOT NICE.

(BUT ANYONE CAN GET THEM)

1. These are head lice... tiny insects that live on the scalp. (Shown 10x actual size)

2. If you get lice, you may not be able to see them... because they make your head *itch*.

3. Lots of kids get lice, because they spread very easily even though they can't jump or fly.

4. So don't try on your friends' hats, scarves or other clothing, or borrow their combs or brushes.

5. If your head itches a lot, tell your teacher or the nurse right away.

6. You may not have lice, but they can tell if you do.

7. If you do, your parents will wash your hair with a special shampoo the nurse recommends. It kills lice fast, but it won't hurt you.

8. Then they'll use a special comb to help get all the lice and lice eggs out of your hair.

9. Your parents will also wash or dry-clean your bedding and clothing, and use a special spray that kills lice on carpets and furniture.

10. So you won't itch anymore!

Thank you and have a wonderful weekend!
