

Welburn Hall Weekly

Friday 25th June 2021

Dear parents/carers, we have reached another Friday and what a great week it has been. On Tuesday we were lucky enough to have reverend Sue Binks in to hold another Assembly where she spoke to the children about the importance of togetherness and being active. The children joined in with the Mexican wave, the Hokey-Cokey and a quiz about sports.

For National Sports week we held a sports themed non-uniform day today. The children participated in short circuits and showed the adults a thing or two in fitness! An active body really does help to create a healthy mind. Photos to follow in next week's edition.

Our students from years 13 and 14 returned from their residential at Peat Rigg with some wonderful stories. If a picture tells a thousand words then we have a lot to tell!

The nurture group have been on their out and about to Dalby Forest and had a great time walking and playing on the park.

Lower-Semi Formal class have been embracing all things sports related this week. Even using the outdoor gym at Helmsley and being lucky to be shown the pool. We have done surveys about sport in Maths and had our own 'Total Wipeout' course in PE. Pictures of these to be shown in next week's sports themed edition.

Enter into our Star Prize

Competition by telling us **Winner to be announced**

Your favourite joke!

next week!

Q: How do you cut the sea in half?

A: With a sea saw!

Five Fun Facts for free...

- 1) A wood frog can hold its pee for up to eight months!
- 2) Your nostrils only work one at a time!
- 3) Water makes different pouring sounds depending on its temperature!
- 4) The “sixth sick sheik’s sheep’s sick” the hardest tongue twister of all!
- 5) Tigers have striped skin, not just striped fur!

Small but kind gestures:

Whilst the weather is currently interchangeable we mustn't forget about our lovely little nature friends... the birds.

Try making your own easy bird feeder. All you need to do is loop Cheerios onto a pipe cleaner or piece of string then tie it in a loop so that the Cheerios do not fall off. Find a branch to hang it on and watch the birds enjoy their nutritious snack.

Leave a little note for somebody that you care about telling them why they mean a lot to you.

Maybe try to help an elderly neighbour to put out their bin, carry in the shopping or help tidy their garden.

YOU SHOULD ALWAYS TREAT PEOPLE HOW YOU WOULD LIKE TO BE TREATED 😊

Notices and reminders:

Our team have been working hard preparing for the start of a new academic year and if your child is remaining with us then you should have received a pack with a letter informing you of their new class along with several consent forms. **Please ensure that all contact details are up to date. We would appreciate it if these could be returned at your earliest convenience. If you have not received the information then let reception know.**

On Monday the 5th July year 8 and 9 children will be receiving their HPV vaccinations / school leaver booster jabs. If you consent to this please complete the NHS link that was sent to you via email. If you do not consent then please let admin know.

Week commencing Monday 28th June is week 3 for the school menu. The SD1 (Special dietary request) forms have now changed and all children with dietary requirements must have an updated one on file.
