

Welburn Hall Weekly

Wednesday 16th March 2022

Upper Semi Formal 5 have been working hard this half term with communication. They have been using symbols to support them to add detail to their sentences and to give clear instructions. Next, they will be using this to support their writing.

Reverend Sue Binks and Reverend Mel Burnside gave an assembly this week about how we can use prayer to slow down and pray for other people. They linked the topic of prayer with Lent and had the children participating in different exercises that represented unity and support.

For the past few weeks Lower Formal have been learning about Native American Art and have created and decorated a Tomahawk. This was originally a throwing weapon which started off as a tool for cutting. As time went on, they were used during battle as well.

Our students have created the design for the handle and drawn it and then copied this onto the Tomahawk handle using a range of different media. These are being decorated with leathertrapping, feathers and beads.

The college students have made the most of the dry weather and spent Monday evening in the grounds building a den which they then took turns to inhabit for a short period of time.

Lower Semi Formal have been looking at signs of Spring around the grounds, learning about Past Tense in English, continuing Time in Maths. Enjoying being out and about in the lovely spring weather and exploring and using life skills out and about in Helmsley.

They will be selling Daffodils for the Children of Ukraine from next week at £1 a bunch (Mother's Day Soon!) We made Hedgehog Bread too!

In Geography Mr Scott's class have been talking about the number of miles that our food travels. We have looked at various food labels to see where the food has originated from and how many miles it had to travel before it got to the UK. We have discussed different countries and their climates and which foods grow best in the varying conditions.

Last week's celebration assembly was for Semi-Formal magic moments.

Special certificates went to the following for showing the school values -

NT - Excellence - trying hard with spellings and writing interesting sentences.

ZT - Respect for always being so kind and thoughtful to all his peers.

TP- for excellent work in Food Tech making staff lunches every week.

KB - Showing perseverance in difficult situations and how to resolve them.

MN - Excellence - for always doing his best work.

SC - Respect - for starting a new school and showing lots of respect to everyone.

AH and HS - Perseverance for trying so hard and completing difficult work at the Birds of Prey Centre.

SB - Perseverance - S tried so hard all week and has spent most of time in the classroom with her friends.

AL - Respect - decorating shoe boxes for the children of Ukraine. She spent lots of time and care on this.

Well done everybody!!

This week our Makaton sign of the week is:

Information, events and challenges:

This Friday 18th is comic relief day and we are asking everyone to wear spots for the donation of just £1, all proceeds raised will go to Comic relief. There will be a selection of games and raffles available to the pupils in the afternoon including Teddy tombola, Name the teddy and guess the Teddies birthday - we have been given 2 big Teddies.

If any of you have any teddies that would be suitable for the tombola then please could you send them into school.

We always love participating in fundraising events especially for children. Thank you for your continued support. Roll on Fun Friday...

Please remember that if your child has a temperature they must do a test and if your child is going to be absent from school then do let us know so that we can update our records accordingly.

Next week the school menu is week 2. Please ask the admin team if you have any lunch money outstanding.

That is all from us, enjoy the rest of your week. Thank you
