Would you like to know more about Supported Internships?

A Supported Internship is a work-based study programme for 16- to 24-year-olds with special educational needs and disabilities, who have an EHCP.

Internships are unpaid and last for 12 months. Young people are enrolled with a training provider, but spend most of their time a workplace setting.

An internship aims to help participants develop their work skills and gain valuable experience, with the hope of gaining paid employment.

To give parents/carers more information about this scheme, North Yorkshire Council is leading a series of brief (45min) **online sessions to explain all about them.**

Each session will focus on provision within a particular area of North Yorkshire and feature Supported Internship Providers from that area.

Prize Bingo Night

Tuesday 30 April 2024

6pm refreshments, eyes down at 7pm
Welburn Hall School

We had such fun at the last Welburn Hall Bingo night that we've decided to do it again!!

Join us from 6pm onwards for the famous Welburn Cake Stall and other light refreshments, with eyes down at 7pm.

This event is organised by our Home School Association to raise much needed funds for the things we would like for our school.

There are lots of lovely prizes to be won – both on the Bingo and Raffle. This event is open to Welburn families and friends.

Non-Uniform Day, Friday 19 April

Next Friday is going to be a Non-Uniform Day in aid of our Prize Bingo Night at the end of the month.

Students can come in wearing their civvies and donate a prize for the bingo or raffle.

All offerings are graciously accepted and we thank you in advance for your kind generosity.

Mrs Barker's class had a great day yesterday competing in the Panathlon Swim Challenge, at Queen Margaret's School in Escrick, just outside of York.

The students took part in a number of different races, which included collecting things from different areas of the pool.

Our students performed brilliantly and came 3rd overall with 72 points! Well done everyone.

Panathlon is a national charity which provides young people with disabilities and special educational needs an annual programme of competitive sports to take part in.

Rebound Therapy – Consent

Rebound Therapy is about using the trampoline for the benefit of students with a wide range of disabilities. It is used to enhance movement patterns, develop and promote motor skills, body awareness, balance, coordination, and communication.

It's a highly enjoyable activity and the sensory feedback students acquire helps them with regulation, ready for learning.

You may have consented before, but this was for the outdoor trampolines – we have new ones for indoor and therefore need parental consent for your child to take part. We realise not all of our students are able to do it.

Rebound Therapy consent forms were sent home in bags before the Easter holidays – please get them back to us as a matter of urgency.

Thank you for your help in this matter.
