On Thursday, the college DofE group spent the day in Whitby! They practiced their map skills and identified shells and fossils along the coastline. They deepened their understanding of the environment around us, while also getting some fish and chips! They worked very hard and even conquered the 199 steps! Well done!

Lower Semi-Formal Explorers

Mrs Owen's class have been busy making rainbow cakes in their Food tech lesson this week. They have been developing their skills through focussed food practical tasks, the pupils have been applying these techniques when they make the different recipes each week. By measuring, tasting, making and learning through role play. They enjoyed naming all the different colours they used. Pupils especially enjoyed evaluating and tasting the buns. The rainbow cakes definitely brightened up their day

During their outdoor learning time one of our students chose to spend some time sharing a magazine with Breeze.
