

Welburn Hall Weekly

Friday 26 January 2024

Hello and welcome to our weekly Newsletter.....

School dinner arrears

We are currently owed £89.50 for unpaid school meals. We would very much appreciate it if you could check your account and make sure it is in credit.

Thank you for your understanding

Spring 1 – Food Tech Contributions

Payments can now be made towards Spring 1 Food Tech.

So, if you are able to contribute, please do so via [ParentPay](#). Thank you

As of today, 91% of ParentPay accounts **have been activated** – so thank you for your support and cooperation.

For those who have not activated their account, **please can you ensure that you login to ParentPay and sign up as a matter of urgency.** We need **ALL** parents to activate their account, even those receiving **Free School Meals** to ensure you receive the full benefits of the system. Thank you!

EXCELLENCE

Mrs Foy's College art group painted landscape/weather pictures, inspired by photographs taken on her journey to work last Friday.

Students mixed paints and then used sweeping motions to create the different sections of the picture.

The students each interpreted the image in their own way, which gave them the opportunity to discuss how we all view the world differently.

Nurture 1 have been working on programming in their computing sessions.

This week they designed their own maps for the bee bots to explore.

Then they programmed the bees to move to different places on the maps, including the beach, the swimming pool and a cafe!

Discovering Newton

Upper Formal 4 were learning all about Isaac Newton and his discovery of gravity.

They explored the impact of balanced and unbalanced forces, and put this to the test by competing with homemade parachutes to balance the forces of gravity and air resistance!

Calling all parents – we need your help

As you may know Welburn Hall School is currently undertaking the Autism Specialist Award, an accreditation programme run by the National Autistic Society. We are working to move from 'Aspiring' to 'Accredited'. It's about ensuring that our students with autism have the very best provision and our staff have the most up-to-date knowledge and training. Our eventual aim is to reach 'Advanced' level and we will continue working hard to achieve this.

As part of this next stage the National Autism Society is asking parents of children with autism to please complete a short questionnaire. So, if you have a spare five minutes, it is quick and easy and we would appreciate your time and input.

We know that some of our students may not have a formal Autism diagnosis. If you suspect your child has a need that is best supported with ASD strategies, you are also invited to complete the questionnaire.

[Please click here to complete the questionnaire](#), the deadline is 29 February.

Working at the car wash....

Some of our College students are providing a hand, car-wash service for staff, as part of their on-site work experience.

This involves marketing and business skills, as well as excellent teamwork and high-quality cleaning.

The funds raised will contribute to the Peat Rigg residential week in May.

They have plenty of satisfied customers at this time of year. 😊
